

_____ (street name)

Hello Neighbour!

It would be great to get to know you!

Do you need anything, or want to offer anything to those on your street?

My name is _____

I live at number _____ and my phone number is _____

During difficult times, it's reassuring to know that we have neighbours we can turn to. It would also be great to strengthen the community on our street in general.

If you're on **WhatsApp**, we have created a group for our street to connect, chat, share items, and offer or ask for help. If you would like to be part of this group, please either message me (if I have given my number above), or post this form with your name, house number and phone number, through my letterbox above. If you do not have access to WhatsApp but would like to offer or receive support, please fill in and post the form below back through my letterbox.

If you need help immediately (or at any point in the future) and/or cannot leave your home to post this to me, please call me on the number above.

Please don't worry about asking – we want to be here for you!

By connecting with each other at a community level, we can make a tangible difference in each other's lives. Doing this on a street by street level is simple, manageable and fosters trust. The aim is to spread this idea far and wide.

For more information – how this works and how you can encourage others you know on other streets to start their own street group, go to:

startwiththestreet.org

--->>>TEAR OFF--- Please fill in as applicable and post back through my letterbox ---

Count me in! I'd love to get to know my neighbours better.

Offer:

- A friendly phone call
- Picking up shopping
- Posting mail
- Picking up prescriptions
- Urgent supplies
- Dog walking
